45. ² A compound archery bow as set forth in claim ¹ 44 and further including an anchor cable attached to the cam and whereby the rotation of the eccentrically rotatably mounted cam by the bowstring cable causes the anchor cable to be taken up.

46. ³ An eccentrically rotatably mounted cam, a bowstring cable attached to the cam, a return cable attached to the cam and means for rotating the cam to cause the bowstring cable to be let off and during at least a portion of said cam rotation to cause the return cable to be let off.

47. ⁴ An eccentrically rotatably mounted cam, bowstring cable and return cable as set forth in claim ³ 46, and further including an anchor cable attached to the cam and whereby the rotation of the cam causes the anchor cable to be taken up.

Remarks

The examiner is requested to telephone the undersigned attorney if he believes a telephone interview would be helpful to advance the prosecution of this application.

Respectfully submitted,

Dated: September 24, 2001
